

POSITION DESCRIPTION

AM3569 - HSEC Field Support Officer

Health, Safety, Environment and Community (HSEC) Field Support Officer to assist field activities at exploration projects in PNG. The position will be offered initially for a 12-18 months contract. The Candidate will work a flexible FIFO roster from home base, travelling to the various exploration projects as required. The position reports directly to the PNG Project Manager, with close support from the Senior Advisor - HSEC.

Expected Competencies

- Minimum of 5 to 10 years field-based HSEC support experience working for a mining, exploration or Oil & Gas company at an exploration or operations phase (essential)
- Demonstrate strong Health, Safety, Environment and Community values
- Appreciation of HSEC requirements of mineral exploration activities
- Excellent oral and written Pidgin and English
- Very good computer skills
- Hold a current PNG driving licence AND a current PNG passport
- Demonstrated previous experience working on helicopter-supported projects in remote locations (essential)
- Demonstrated previous experience providing on-ground HSEC support to remote exploration drilling programs (essential)
- Completion of recognised helicopter external load operations training (desirable)

Applications close on Friday 11th August 2017
