

POSITION DESCRIPTION

National Fisheries Authority

AM3613 - Executive Manager Provincial Support & Industry Development (PSID)

The Executive Manager, Provincial Support & Industry Development (PSID) reports to the Deputy Managing Director Fisheries Management Technical & Operations.

Key Responsibilities:

- Providing strategic support to provincial governments, the industry, commercial and foreign fisheries interest groups, and community fishing interests in driving sector-based policies, programmes and initiatives
- Develop and manage a coordinated communications and public relations strategy
- Maintain close collaboration with provincial administrations and provision of technical and policy advice and support on provincial programs and projects
- Be the primary link between NFA and the industry and will work in close collaboration with all stakeholders to foster an enabling macro environment for the development and implementation of sector management strategies.

Expected Competencies

- Degree in Fisheries Management, Fisheries Science, Economics, Public Policy & Management or a related field. Post-graduate or a Masters qualification is desirable
- 10 years' management experience in fisheries management or a similar role in government, statutory or private sector
- 5 years' experience in fisheries projects, programme and grants management with a good understanding of project management requirements, preferably in a commercial fisheries context
- Clear understanding of policies, issues and constraints relating to the management, development and overall performance of commercial fisheries (local and foreign)
- Well-developed understanding of the Fisheries Management Act 1998 and government objectives and policies including the public services General Orders and PFMA
- Good understanding of the fisheries management business as well as the statutory and regulatory requirements governing the sector
- Demonstrated experience in budgeting, financial management and reporting
- Excellent oral and written communication and report writing skills, with high level presentation skills
- Demonstrated leadership capabilities with excellent people management and organizational development skills
- Advanced computer literacy skills.
