

POSITION DESCRIPTION

National Fisheries Authority

AM3614 - Executive Manager Fisheries Management

The Executive Manager Fisheries Management reports to the Deputy Managing Director Fisheries Management Technical & Operations.

Key Responsibilities:

- Implement policy direction and resource management strategies for the sector and the application of these strategies at the national and provincial levels.
- Play a pivotal role in representing NFA on Scientific Committee Meetings and Working Groups involving negotiations and dialogue with domestic, regional and international stakeholders on sector issues.
- Develop, implement and manage tuna and other fishery management plans and providing technical advice on biological, economic and social factors affecting the fishery
- Maintain effective management information systems for sourcing and validating information relevant to sustainable fisheries management.

Expected Competencies

- Degree in Fisheries Management, Fisheries Science, Economics, Public Policy & Management or a related field. Post-graduate or a Masters qualification is desirable
- 10 years' management experience in fisheries management or a similar role in government, statutory or private sector
- Proven technical experience in fisheries planning, policy development, fisheries management or fisheries project management
- A good understanding of bio-economic principles applicable to fisheries policy development and monitoring, and fisheries management planning
- Clear understanding of the policy development process and the analytical parameters which can be applied to monitoring the impact of fishery activity on fish stocks, marine resources and economic development
- Demonstrated ability to assimilate and analyze social, economic and scientific information in the formulation and monitoring of policy
- Well-developed understanding of the Fisheries Management Act 1998 and government objectives and policies, and related international law, treaties and conventions governing sustainable fisheries management
- Demonstrated experience in budgeting, financial management and reporting
- Excellent oral and written communication and report writing skills, with high level presentation skills (particularly the presentation of diagrammatic information using graphs and charts)
- Demonstrated leadership capabilities with excellent people management skills
- Advanced Computer literacy skills.

Applications close cob Friday 26th January 2018
