

POSITION DESCRIPTION

National Fisheries Authority

AM3615 - Executive Manager Aquaculture & Inland Fisheries

The Executive Manager Aquaculture & Inland Fisheries (AIF) reports to the Deputy Managing Director Fisheries Management Technical & Operations.

Key Responsibilities:

- Manage aquaculture and inland fisheries programmes and projects
- Maintain effective stakeholder relationships with the community and resource owners and encourage active participation in policy development initiatives related to inland fisheries and aquaculture development
- Develop and manage programs that meet sensible biological, environmental, sociological and economic considerations
- Maintain close collaboration and consultation with provincial governments, community groups, NGOs, private sector, donor agencies and stakeholders to develop programs that emphasize sustainable resource management aimed at maximizing economic benefits and addressing the national economic goals of food security and poverty alleviation.

Expected Competencies

- Degree in Fisheries Science, Fisheries Management, Economics or a related field
- 10 years' management experience in fisheries science, research, aquaculture and inland fisheries management
- Well-versed with key issues affecting aquaculture and management of inland fishery particularly food security, community ownership and environmental concerns
- Demonstrated experience in projects and program management, and project policy formulation and design; with a good working knowledge of government and donor funded projects and programmes
- Proven practical experience in community and stakeholder dialogue and consultations at the community level and community based fisheries management
- Demonstrated ability to assimilate and analyze social, economic and scientific information in the formulation and monitoring of policy
- Well-developed understanding of the Fisheries Management Act 1998 and government objectives and policies related to national sustainable goals linked to food security and poverty alleviation
- Demonstrated experience in budgeting, financial management and reporting
- Excellent oral and written communication and report writing skills, with high level presentation skills (particularly the presentation of diagrammatic information using graphs and charts)
- Demonstrated leadership capabilities with excellent people management skills
- Advanced Computer literacy skills.
